

TWINNING NEWS JANUARY

2023

deux mille vingt trois zweitausenddreißig duemilavintitré.

German Themed Walk :- Sunday 15 January

A hearty crew of walkers set off last Sunday afternoon for a gentle walk around the town with a German theme. At the start of the walk, language skills ranged from total fluency to no German at all, but by the end, everyone had been offered their own personal new word and a glass of gluhwein (mulled wine).

VIDEO STARS

Grand Merci to so many of you who volunteered to appear in the short video montage that we will send to the Ecologie au Quotidien event in Die (see below) . The final video is being edited down to allow it to fit our time slot but we will share an online version as soon as we can. (We do have some budding stars in our midst!)

ECOLOGIE AU QUOTIDIEN - conference 20 - 29 January in Die

This year Wirksworth will be represented on video at this annual event which takes as a specific theme for 2023 'simple living with less waste'. The event attracts people from all over France and beyond. The programme is in French but well worth a look what ever your language and Google translate can help make sense of it.

DATE FOR YOUR DIARY 23-26 June

Reminder that 2023 is our big year of celebrating 30 twinning years between 23 and 26 June.
